

TMMi Assessment Method (TAM) - Lead Assessor for TMMi[®] R1.0

Obtain the competencies to lead professional assessments using the TMMi[®]

Helping our service providers guide valued customers

Objectives

To enable you to:

- Manage a TMMi assessment using the TMMi Assessment Method (TAM) in the contexts of both improvement and supplier risk assessment
- Lead assessments using your knowledge of the Test Maturity Model Integration[®] (TMMi[®])
- Manage an assessment team effectively and undertake required reporting and feedback
- Analyse and present assessment findings in order to recommend to the assessment sponsor improvement opportunities and/or ways to manage risk

Benefits

Your organisation will be able to:

- Implement an assessment method to gain sustainable business advantage
- Measure current performance to identify improvement opportunities
- Compare performance with industry benchmarks
- Assess potential suppliers using an industry standard method

You will be able to:

- Scope and plan an assessment using the TMMi Assessment Method (TAM)
- Use the objective and repeatable TMMi Assessment Method to manage an assessment from initiation to closure
- Provide formal ratings of the assessed organisation (excluding your own)

Workshop Format

Presentations are interspersed with substantial in-class exercises to provide a thorough introduction to applying the techniques. There is a high level of participation. The workshop material provided includes all presentation materials, workshop notes and additional hand-outs.

Who should attend?

- Testing, development, management and process improvement staff who need to provide leadership in assessing best practice objectively
- Practitioners who will be leading an assessment using TMMi[®] either internally or for supplier selection/monitoring

Pre-requisites to attending

- Hold a TMMi Professional certificate (or be able to demonstrate equivalent knowledge of the TMMi model)
- Successful participation in the Foundation's TMMi Assessor training course, OR:
- Be an accredited TMMi Assessor with the TMMi Foundation OR: Have equivalent assessor experience

Workshop content

Managing an assessment:

- Defining the assessment scope
- Preparing the assessment plan
- Preparing the assessment team and briefing the participants
- Managing the assessment performance
- Consolidating the assessment findings
- Disseminating the assessment findings
- Measuring the success of the assessment

Closing the assessment

Qualification

During this workshop you will be continuously assessed and will take a one hour written end of course test. On passing both the continuous assessment and end of course test, you will have achieved part of the requirement to be qualified as a TMMi Lead Assessor. Full qualification and accreditation is dependent upon subsequently satisfying the requirements and obtaining TMMi Foundation accreditation as a TMMi Lead Assessor.
